

# Safety Management Audit

**OUR QUALIFICATIONS, EXPERIENCE, ADAPTABILITY AND COMMITMENT TO CUSTOMER SERVICE ARE SECOND TO NONE!**

## Service description:

- A useful tool to benchmark and ultimately improve your internal safety operations is a Safety Management Audit
- An audit is a comprehensive review of your health and safety management system
- Our Safety Coaches are experienced safety auditors who will use an audit instrument that is approved for your industry
- During the audit we will review your documentation, conduct interviews with your staff and management, and will make general observations of your worksites
- After the audit is completed you will receive a comprehensive report with recommendations for continuous improvement

## You should take advantage of this service if you....

- Have an increased level of incidents
- Want to strengthen your business systems
- Want to create a baseline plan for safety improvement
- Want to achieve a Certificate of Safety Recognition (CSR)
- Want to create a plan for continuous safety improvement
- Want an outside perspective of what you have done
- Want to achieve one of OSHA's voluntary certifications (i.e. SHARP, VPP Star, etc.)

## Benefits of this service:

- Identify areas of strength and areas needing improvement
- Develop a step-by-step plan for improvement
- Non bias, non-governmental assessment focusing on your internal safety management systems

## Service scope and price schedule:

- Since each company is different the scope and costs of our audit will vary
- It would be our pleasure to provide you with a detailed scope of work and price schedule based on your specific needs
