

Hazard Assessment/ Job Hazard Analysis

OUR QUALIFICATIONS, EXPERIENCE, ADAPTABILITY AND COMMITMENT TO CUSTOMER SERVICE ARE SECOND TO NONE!

Service description:

- A Hazard assessment / Job Hazard Analysis is a fundamental tool used to review your jobs so that potential hazards can be proactively identified
- Your safety coach will assist you with your hazard assessments by:
 1. Selecting the job(s) to be analyzed
 2. Breaking the job(s) down into a sequence of steps
 3. Identifying potential hazards
- Determining preventive measures to overcome these hazards

You should take advantage of this service if you....

- Are starting a new company
- Are initiating a new process
- Are changing an old process
- Have an increased level of incidents
- Need assistance with your hazard assessments!

Benefits of this service:

- The benefits are endless! Safety and health awareness is raised, communication between workers and supervisors is improved, and acceptance of safe work procedures is promoted
- The completed analysis will form the basis for regular contact between supervisors and workers on health and safety matters. It can also serve as a teaching aid for initial job training and as a briefing guide for infrequent jobs. It may be used as a standard for health and safety inspections or observations and will assist in completing comprehensive incident investigations
- Most importantly an effective Hazard assessment / Job Hazard Analysis will enable you to control potential hazards so they are less likely to cause harm, damage, or increased costs

Service scope and price schedule:

- Since each organization has unique requirements it would be our pleasure to provide you with a detailed proposal outlining the scope of work and prices based on your needs
