

Site Safety Inspections

OUR QUALIFICATIONS, EXPERIENCE, ADAPTABILITY AND COMMITMENT TO CUSTOMER SERVICE ARE SECOND TO NONE!

Service description:

- Our Site Safety Inspections will identify any existing hazards of your operations and more importantly we will recommend appropriate corrective action
- Our inspections will determine if any regulatory violation has occurred and will provide an opportunity to correct any hazards before they cause harm, or before they are cited during a regulatory inspection
- To most effectively conduct these inspections your Safety Coach will work with you to determine the scope and frequency

You should take advantage of this service if you....

- Have an increased level of incidents
- Want to know how you are doing
- Want to keep your employees and supervisors "on their toes"

Benefits of this service:

- Help identify areas of strength and areas needing improvement
- Non bias, non-governmental assessment
- It's proactive!

Service scope and price schedule:

- Based on your risk and your needs inspections can be carried out on various schedules, from annually to weekly
- It would be our pleasure to provide you with a detailed quote based on your specific needs
