

## Respirator Protective Equipment Programs and Fit testing

OUR QUALIFICATIONS, EXPERIENCE, ADAPTABILITY AND COMMITMENT TO CUSTOMER SERVICE ARE SECOND TO NONE!

### Service description:

- Respirators have dozens of inherent limitations because they are often the only barrier between a worker and the airborne hazard
- Your Safety Coach can assist you in developing a code of practice for respirator users that will not only help you with the intricacies of complying with OSHA respirator standard but will more importantly ensure the protection of your exposed employees
- Depending on your specific needs we can also ensure your employees wear properly fitted respirators by completing qualitative or quantitative fit testing

You should take advantage of this service if you....

- Have employees who are (or should be) wearing respirators

### Benefits of this service:

- Protection for your employees
- Compliance with applicable standards and codes
- Convenience of fit testing your employees at your site

### Service scope and price schedule:

- Since each organization has unique requirements it would be our pleasure to provide you with a detailed proposal outlining the scope of work and prices based on your needs
