

Basic Ergonomics Services

OUR QUALIFICATIONS, EXPERIENCE, ADAPTABILITY AND COMMITMENT TO CUSTOMER SERVICE ARE SECOND TO NONE!

Service description:

- Ergonomics helps things fit better to humans
- When there is not an adequate "fit" a number of disorders can occur to muscles, nerves, tendons, ligaments, joints, cartilage, and spinal discs
- Several common disorders include carpal tunnel syndrome, lower back pain, etc.
- Your Safety Coach will assist you in identifying your risk factors and will recommend practical controls measures so you and your employees can maintain optimum comfort, safety, and efficiency

You should take advantage of this service if you....

- Have tasks that involve repetition, heavy lifting, awkward or static postures, unhappy workers
- Want to comply with current regulations and standards
- Want to protect your employees
- Want to protect your business from future litigation

Benefits of this service:

- Document compliance with industry standards
- Protect your employees
- Protect your company

Service scope and price schedule:

- Since each organization has unique requirements it would be our pleasure to provide you with a detailed proposal outlining the scope of work and prices based on your needs
